

CITY OF CAHOKIA HEIGHTS, IL  
FEMA 4676 GRANT APPLICATION  
STORMWATER MANAGEMENT IMPROVEMENTS  
JUNE 2025

**PROJECT UPDATE**

This project involves new storm sewer construction in chronically flooded Ping Pong neighborhood in the northern part of the City. The project will reduce flooding and its impacts on street and sewer infrastructure, private properties and homes, and public health conditions, and will enhance environmental compliance with the Clean Water Act. Funding will be provided by the grant, with the local match being provided by a pledge of flood mitigation funds from the Illinois Department of Natural Resources. The total project cost is approximately \$2.5 million dollars.
